

NURSE PARTICIPANTS NEEDED FOR RESEARCH ON: HOSPITAL-TO-HOME TRANSITIONAL CARE

We are looking for nurses to participate in a study about their opinions on strategies that can help patients and families manage their care and recovery after being discharged from hospital.

Your voluntary participation in the study will involve filling out a survey on your own time and attending one telephone focus group that will take up to 90 minutes. Participants will receive **\$75 in COMPENSATION for their time.**

You may be eligible if you:

- i) **Are a hospital, home care, discharge planning, or rapid response nurse**
- ii) **Provide transitional care to patients living in rural Ontario**
- iii) **Work 21 or more hours per week**

For more information about the study please contact Jeffrey Butler by email at: jibutler@yorku.ca or by phone at 647-951-2055.
